

# Scholarships and Awards

Scholarships provide an opportunity for people to earn an education. Without assistance from an outside source, students may have trouble paying for their degree. Whether you are a student thinking of the future or a parent thinking about paying for college, don't underestimate the value of applying to scholarships.

We hope that you take the time to research the scholarship(s) that are right for you! Remember, each scholarship has its own requirements and deadlines. Should you need any assistance with applying for any scholarship (even if it's not listed) please, reach out to our Admissions or Financial Aid Departments.
