Revised non-punitive grade policy: Found on page 31 in Western Technical College Catalog.

Non-punitive grades are a “W” grade for withdrawing from a course or an “I” grade for an incomplete course that is not made up during the time required by the school. Students have 14 days to complete any work; otherwise, the incomplete grade will turn into an “F”. These grades do not affect a student’s grade point average and do not count as earned credit.
